How **we** count the number of **service requests**

Roadside Assistance Service

When **you** notify **us** of an **RSA event**, **we** will discuss the details of the **RSA event** over the phone with **you** first before deciding which **service** (or **services**) to provide.

If **we** believe that the **RSA event** can be **repaired** under sections A-E, then **we** will dispatch **our** member of staff to **repair** the **vehicle** as detailed in sections A-E.

If this **repair** is successful, **we** will count 1 (ONE) **service request** for the respective **service** used under sections A-E only.

If this **repair** is unsuccessful, **we** will transport **your vehicle** to a **repair workshop** under section F. In this case, **we** will count:

- 1 (ONE) **service request** for the respective **service** used under sections A-E; and
- 1 (ONE) **service request** for section F.

If **we** believe the **RSA event** is of a serious nature and **repair** under sections A-E is not possible, **we** will directly transport **your vehicle** to a **repair workshop** under section F. In this case, **we** will count 1 (ONE) **service request** for section F only.

The above examples assume that **you** have not already reached the maximum number of **service requests** which can be made for each respective **service** under sections A-F.

Rental Service

There is no maximum number of **service requests**. However, there may be the maximum number of days to **request** for a **service** as specified in **your schedule**. One day of **rental service** might not be 24 hours, depending on the terms and condition of **your rental company**.

 - e. spare tires and wheels and **repairing** or sourcing them; or
 - f. **vehicle** transportation carried out by someone other than **Roojai**.
 - g. If the emergency services, local authority or any government agency are handling the **RSA event**, **we** will only attend and provide **services** once instructed to do so by them;

3. **We** will not provide **services** for an **RSA event** resulting from a fault that **we** have previously attended and:
 - a. the original fault has not been properly **repaired**; or

General Conditions

The following conditions apply to all sections of this contract. If **you** do not comply, **we** can refuse **service** and/or cancel **your** contract without any refund.

1. **You** must pay **your service** fee when due.
2. **You** must purchase this **service** in conjunction with a voluntary motor **vehicle** insurance product or an extended warranty insurance product .
3. The associated voluntary motor **vehicle** insurance product or an extended warranty insurance product must be active in order to request for any **Roojai assistance service**.
4. **You** must pay the premiums of **your** associated voluntary motor **vehicle** insurance product or an extended warranty insurance product according to the

payment schedule agreed with **Roojai** (as shown on **your** “Statement of Account”).

5. **You** must request **services** directly from **us**, as **we** will only provide **services** if **we** make the arrangements to help **you**. For **RSA service**, **we** will not accept any **request** for **service** where the **vehicle** is already at a **workshop** or other place of **repair**. For **rental service**, **we** will not reimburse any cost incurred as a result of you having directly requested for a **service** with **rental companies** (including those who are our partners) by **yourself**.
6. **You** are responsible at all times for the care of **your** personal belongings, valuables, and luggage in or on a **vehicle** or a rental car. **We** will not be responsible for any loss of or damage to them.
7. During extreme weather, riots, war, civil unrest, industrial disputes, or any other force majeure events **our services** can be interrupted. **We** will resume **our service** to **you** as soon as **we** can in these circumstances.
8. **We** reserve **our** absolute right to change any terms and conditions under this contract without prior notice to **you**. In case of any changes, **we** will notify **you** at least 30 (THIRTY) days in advance of such changes and **we** will refund **you your** paid **service** fee in case **you** do not agree with the new terms and conditions on a pro-rata basis.
9. If **you** are asked to review and approve a document recording the condition of **your vehicle**, including an electronic form, it is **your** responsibility to ensure that the record is accurate and complete, and **we** will not be responsible for any errors or omissions.

The following conditions apply to sections A-F of this contract for **RSA service**. If **you** do not comply, **we** can refuse **service** and/or cancel **your** contract without any refund.

1. Where the **RSA event** is caused by a component failure, this must stop the **vehicle** from working. For example, an air-conditioning failure or illumination of a warning light in itself does not constitute an **RSA event**. If the **vehicle** is still working after a component failure, and **you** take **your vehicle** to a place of **repair**, this contract will not cover this.
2. Where **we** deem, acting reasonably, that **you** requested **RSA service** to avoid the cost of **repairing** the **vehicle**, or to correct an attempted **repair** by someone else, **we** will not provide cover.
3. There must be a driver with the **vehicle** when **we** attend.
4. The **vehicle** must not carry **passengers** or objects in a way deviating from the manufacturer’s specification.
 - a. Each **passenger** must have a separate fixed seat fitted to the manufacturer’s specification and any child must occupy a properly fitted child seat.
 - b. The **vehicle** must not carry **passengers** and/or objects with the total weight exceeding the limit speculated in the manufacturer’s specification.

5. Where **we** provide a **repair to your vehicle**, whilst **we** are responsible for that **repair**, this does not mean that **we** are confirming the legal and roadworthy condition of the **vehicle**. This remains **your** responsibility.
6. **We** will not be responsible for any losses or damages that **you** incur following a **breakdown** that are not expressly covered by this contract. For example, **we** will not pay for any loss of earnings, missed appointments, or medical fees.
7. **We** do not guarantee that transportation to a **repair workshop** will be during opening hours, or that **repairs** can start immediately. Whilst **we** will try to check that the **repair workshop** will undertake the type of **repairs** required, **we** cannot guarantee this. **We** will not take responsibility for **repairs** carried out at any **repair workshop**, and the contract for such **repairs** will be between **you** and the **repair workshop**.
8. In handling any **service request** there may be more than one option available to **you** under this contract. **We** will decide which is the most appropriate option based on **our** expertise in **RSA event** situations. In doing so, **we** will act in consultation with **you**, and act reasonably at all times.
9. **Your vehicle** must not be used for **commercial use**. **Your vehicle** may only be used for private use, such as using the **vehicle** for social, domestic and pleasure purposes and commuting to and from a permanent place of work or home.
10. This contract does not include:
 - a. routine servicing, maintenance or assembly of **your vehicle**;
 - b. **your vehicle** if it is originally intended to be used for **commercial use**, even if **you** are using it for private purposes at the time of the **RSA event**;
 - c. **RSA events** that occur during activities or events that are not subject to the normal rules of the road, for example:
 - i. **RSA events** on a track day. **We** will not attend **RSA events** on race tracks or where **you** have been immediately transported from a race track;
 - ii. **RSA events** that occur off the public highway to which **you** or **we** have no legal access;
